QUALITY POLICY STATEMENT

Phil Ayliff Products Limited and particularly its DP Brakes product line are markets leaders in the provision of equipment for the motorcycle industry. We believe that if we are to achieve and maintain market leading performance, our Employees, Suppliers, Critical Suppliers and Distributors need to take responsibility for compliance with, and input to, our Quality Management System, regardless of their role. Hence this statement is communicated as wide as possible among our interested parties.

We seek to meet all customer requirements through our products and services and aim to operate in accordance with all applicable legislation and regulation. In order to provide the highest quality products and services to customers, we operate and seek continual improvement of a Management System based upon the requirements of ISO 9001: 2015.

Trevor Ayliff
Managing Director
